## Redevelopment of Grass Pitch - Let's work together!!

Certainly, we have seen Wah Yan boys chasing balls on a “sandy” pitch but not grass pitch. A lot of us may have also experienced the same personally.

In November 2012, a group of dedicated alumni discussed a grass pitch redevelopment plan with our School, WYKPSA and other alumni and stakeholders. The plan has been approved by the School Management Committee and a Committee for Sports Development Project for Wah Yan (the “Committee”) was subsequently formed to implement the plan.

The approved plan is to redevelop the grass football pitch into an artificial turf pitch (new 4<sup>th</sup> generation) with improved drainage and durable non-infill surface by 2014. The new pitch is environmental-friendly among all types of artificial turfs since no infill of rubber and sand granules is required. The existing tracks alongside Wylie Road will also be refurbished.

The target is to raise HK\$12.5 million for the project before the end of 2013 and this needs the support of our alumni and friends of Wah Yan. The Committee is now making an appeal to you, your classmates, friends and peers to support this project. Please access the following website for the appeal letter of the School and the Committee:

Please help to disseminate the appeal letter to your friends, peers and all Wahyanites you know.

The School and the Committee would be grateful if you could make your donations **on or before 30 November 2013**.

Please contact Mr. Warren Chung at 2384 1038 or Mr. Charles Tse at 9090 1325 if you would like to request for further information.

Let's work together for the future of our alma mater!
