Dear Hin-Shing,

Your letter and photos and good wishes from the 61 grads reached me – at roughly the same time as typhoon side swept Hong Kong. Macau suffered. Eight people perished. No one in Hong Kong. Flooding bad in places; the flood tide came at the same time carparks saw expensive cars covered in mud – underground carparks. So much for Hong Kong.

Thank you for those photos. It's so long since I have met you all. I need you to remind me who is who. Mr Ho I did pick out.

I have not seen Fr Naylor since he returned to Wah Yan. I do not move out much.

I had not heard that Mr Ho had suffered a bad fall in November 2016 when here. That was close to a year ago. I hope his recovery has continued. Thanks too for naming those in the photos you sent.

2018 will soon come and that possible gathering I hope all be there on that occasion.

ps: I should have remembered your letting me know of Mr Ho's accident. It slipped my memory.
